

Vent Shade Installation Instruction

Thank you for purchasing the Vent Shade

The Vent Shade is a direct install for most existing 14" x 14" roof vents on RV, Travel Trailer and Horse Trailers. No modifications are necessary in most cases during installation.

Vent Shade Included Parts:

Installation screws (*not shown*)

Back View of Vent Shade Assembly

Interior View of Vent Shade Assembly

Pre-drilled
Screw Holes

Tools Typically Required For Installation:

Square Bit Screw Driver (#2)

Preparation for Installation:

The Vent Shade ships complete and requires no assembly before installation.

Installation of Vent Shade Assembly:

Remove the four screws (**Fig. A**) from existing vent garnish (trim). **NOTE:** The existing garnish does not need to be removed however can be removed for ease of installation. Place the shade assembly into the existing garnish lining the screw hole with the existing hole in the trim garnish. Press against roof of RV and re-install the four screws securing the assembly (**Fig. B**). New replacement screws are provided if needed.

Thin Shade

Part number 015-201512

Direct replacement for existing door window and frame. Easily install and provides privacy when you want.

Made In The U.S.A

Bauer Bluetooth Electric Travel Trailer Lock

Part number 013-5091

Directly upgrades most travel trailer locks. Offers hassle free touch pad access – No key or fob to carry. Includes batteries. Comes with key for overriding forgotten code or dead battery.

LP Tank Lock Key'd-A-Like

013-705

Features a bracket to mount the LP Regulator and securely lock the tanks when mounted to the RV. The hasp prevents the wing nut for being turned and is easily installed and removed. Comes with a Keyed-A-Like padlock and can be re-keyed to other RV locks such as the entrance door and more.
