Tools Required

Wrench, 7/16" --

NOTICE

Before you begin installation, read all instructions thoroughly.

Proper tools will improve the quality of installation and reduce the time required.

Assembly

Step 1

Bolt the front left leg (#5), rear left leg (#3), front right leg (#4), and rear right leg (#2) together with two carriage bolts (#6) and two flange nuts (#7). See Image 1.

Once the legs are bolted together, secure the leg assembly to the center tube (#1) with four carriage bolts (#6) and four flange nuts (#7) as shown.
