

Bike Racks

Tray-Style Bike Racks

- Tray-style arms provide three points of contact to keep bikes fully secure
- Ratcheting arms lock down onto the frames and will not loosen during travel
- Key-operated ratchets also deter theft while the vehicle is left unattended
- Highly adjustable arms easily fits various bike sizes and styles
- Tray-style design allows for easy loading and unloading of bikes
- Protected by a durable black powder coat finish

4-bike

2-bike

Tray-Style Bike Rack Cradles for Fat Tires #18091

- 4-7/8" inside width accepts most types of fat bike tires
- Add-on cradles are designed to replace existing cradles

BIKE RACKS

Standard Hitch-Mounted Bike Racks

- Adapter sleeve allows mounting on either 1-1/4" or 2" receiver tube
- Adjustable rubber cradles will not scratch bike frames
- Tilts away for convenient rear vehicle access
- Arms fold down when not in use for compact storage
- Threaded anti-wobble shank helps prevent bikes from swaying during travel
- Protected by a durable black powder coat finish

Premium Hitch-Mounted Bike Racks

- Tapered arms accommodate multiple bike sizes, including kids' bikes
- Adjustable rubber cradles will not scratch bike frames
- Tilts away for convenient rear vehicle access
- Arms fold down when not in use for compact storage
- Threaded anti-wobble shank prevents bikes from swaying during travel
- Built-in reflectors for added safety
- Protected by a durable black powder coat finish

Clamp-On Bike Rack

- Clamps onto a 2" x 2" ball mount shank (ball mount not included)
- Securely holds up to three bikes with a max weight capacity of 135 lbs.
- Adjustable rubber cradles will not scratch bike frames
- Easily accessible release handle allows for fast installation and removal
- Arms fold down when not in use for compact storage
- Built-in reflectors for added safety
- Protected by a durable black powder coat finish
