

ECHO™ MOBILE BRAKE CONTROL

Tested. Proven. Safe.

CURT products are thoroughly tested and proven safe to give you confidence for the road ahead.

Our goal isn't just to produce a stronger hitch or a more dependable wiring harness. We want to give you the means to enjoy your lifestyle. That is why we continue to manufacture all of our custom hitches in the USA and why we maintain dedicated engineering teams and testing facilities.

Whether you're towing 30,000 pounds or packing up for a weekend getaway, CURT offers you the freedom to pursue your passion and the peace of mind to enjoy every mile of it.

ECHO™ MOBILE BRAKE CONTROL

Echo™ brings towing into the modern age. Powered with Bluetooth technology, it wirelessly connects to the driver's smartphone to control and monitor all trailer brake activity.

Simply download the custom app, plug the Echo™ into the vehicle's 7-way socket and you're ready to start towing.

Dynamic power adjustment

4.0 → 5.3 Automatic power increase for decline

Note: Values represented above are for illustration only.

Product Details

- Triple-axis, motion-sensing accelerometer for highly responsive, smooth stops
- Soft locking tab reduces vibration and improves connection
- Multi-color LED indicates power, trailer detection and wireless connectivity
- Operates 2 to 4 trailer brakes at a time (1 to 2 axles)

Wireless, portable design allows for easy transfer from one vehicle to another

Potted enclosure seals off electronics from the elements for long durability

Bluetooth connection to control all brake settings from your smartphone

EASY PLUG-AND-PLAY INSTALLATION

- Non-invasive, plug-and-play setup installs between vehicle-trailer 7-way plugs
- Custom-designed app monitors brake activity and sends status updates
- Stores multiple user and vehicle-trailer profiles
- Allows incoming calls to be received while the app is running
- Automatic calibration eliminates setup requirements

Insert the Echo™ mobile brake control between the vehicle and trailer

Download the app to your Apple or Android smartphone

Configure your trailer and vehicle settings in the app and you are ready to tow!
