PART# 51160

- Pressure-sensitive manual override button for precise braking power
- Large, high-quality 1-1/2" OLED screen displays full text readout
- Display can be tilted for different mounting options, above or below the dash
- Sleek, low-profile design with tactile buttons
- User-selectable power output and trailer brake light activation
- Automatic leveling and calibration eliminate setup requirements
- Nine levels of sensitivity adjustment for varying loads or driving conditions
- Auto sleep mode prevents battery drain
- Operates 2-8 trailer brakes at a time (1-4 axles)
- Compatible with low voltage or PWM systems and ABS and cruise control
- Limited lifetime warranty

Automatic uphill and downhill power adjustment

Tri-axis circuit detects inertia on 3 planes for greater sensitivity over dual-axis models
