

Pintle Hitches

What is SecureLatch™?

- SecureLatch™ is a series of pintle hitches and lunette rings engineered with an auto-locking mechanism. Hooking up your trailer with SecureLatch™ is as easy as Strike. Drop. Auto-lock.
- Additional features:
 - Cupped hook for quieter towing
 - Slotted pintle mounts for one-wrench adjustment
 - Safety chain hangers to avoid dragging
 - Built-in lunette ring lock for enhanced security
 - Integrated back plate to align the connection
 - Dark grey teridium finish for a premium look

How SecureLatch™ works

- **Strike:** Back up your vehicle to the trailer. An integrated strike plate on the pintle hitch helps stop and center the lunette ring.

- **Drop:** With the lunette ring centered on the pintle hook, drop the ring down onto the hook by lowering the trailer jack.

- **Auto-lock:** The auto-locking latch will engage without the need for manual coupling. Just insert the safety pin!
