WELCOME TO DOMETIC

Millions of people around the world are using Dometic products. They all have one thing in common – the longing for freedom and independence on the move.

Our job is to meet their essential needs on the journey. Like cooking, keeping food fresh, taking care of personal hygiene and maintaining a pleasant temperature. We also create solutions to make driving safer and more convenient and innovative electronic devices for smart use of precious battery power.

Welcome to our new catalog!
We invite you to go on a journey of discovery. Explore the Dometic world and let us know what we can do for you.

AIR CONDITIONERS

Whether at home or in a RV, our comfort not only depends on temperature – humidity also plays a decisive role. If the humidity tends to be low, we can still tolerate temperatures which are very high. When the humidity rises, we really start suffering from the heat – problems with circulation and with sleeping are the inevitable result. A good air conditioner for a mobile home not only needs to cool down the air in the room; it should also dehumidify it at the same time. To ensure that both – cooling and dehumidification – work perfectly even at high ambient temperatures, the air conditioners from Dometic function using high-performance compressor technology. We promise that one of our air conditioning models will satisfy your personal idea of a perfect on-board climate.

DOMETIC AIR CONDITIONERS
AT DOMETIC FOR BUSINESS**

FRESHJET 3 SERIES ROOFTOP AIR CONDITIONER

The FreshJet RV air conditioner's industry-leading design provides maximized cooling capacity and increased airflow while reducing noise. At 4 dB quieter than its predecessors, perceived noise is cut by one third.

UNIQUE COIL DESIGN

Evaporator E-coated for enhanced durability

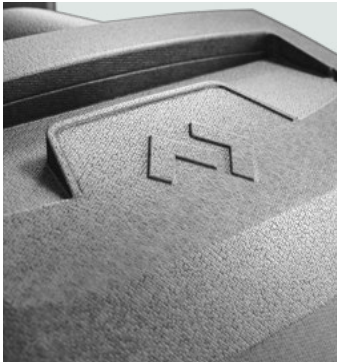

INCREASED COOLING

Unique design delivers powerful performance and uniform temperature

QUIET OPERATION

Produces less perceived noise than its predecessors

LIGHTWEIGHT CONSTRUCTION

Lighter design reduces weight load and is easy to install

FreshJet 3 Series Rooftop Air Conditioner FJX3573M

Item number	9600028600/9600028601	Thermostat zones	Single zone or multi-zone
Legacy number	FJX3573MWHAS/FJX3573MBKAS	Note if specific control box needed	No pre-installed control board
Description	FreshJet 3 Series rooftop air conditioner	Note if specific accessories needed for installation	Mechanical air distribution box or return air grille with wall thermostat control kit or air distribution box with wall thermostat control kit
Cooling capacity	15000 BTU/4396 watts	Input voltage	115 VAC
AC mode	Cool only	Input frequency	60 Hz, 1 phase
Application	Ducted or Non-ducted	Required circuit protection: cooling/heating	20 A
Air conditioner profile	Standard profile	Current consumption: cooling/heating	16.9 A
Shroud color	White/Black	Refrigerant	R410A
Model	FJX3573M	Refrigerant quantity	13.4 oz.
Dimensions: internal	27.56" W x 14.40" H x 29.53" D	Generator size (1 unit/2 units)	3.5 kW/5.0 kW
Product weight	66 lbs.	Certification	CSA
Note if specific control thermostat needed	Manual or CT thermostat / CCCII thermostat	Warranty	Limited two-year

FreshJet 3 Series Rooftop Air Conditioner FJX3473M

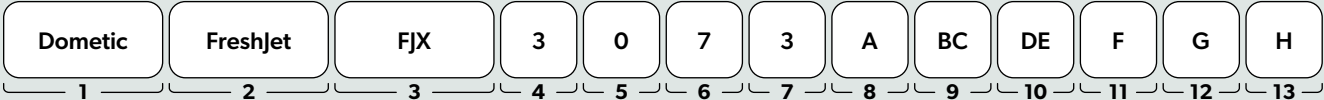

Item number	9600028598/9600028599	Thermostat zones	Single zone or multi-zone
Legacy number	FJX3473MWHAS/FJX3473MBKAS	Note if specific control box needed	No pre-installed control board
Description	FreshJet 3 Series rooftop air conditioner	Note if specific accessories needed for installation	Mechanical air distribution box or return air grille with wall thermostat control kit or air distribution box with wall thermostat control kit
Cooling capacity	13500 BTU/3956 watts	Input voltage	115 VAC
AC mode	Cool only	Input frequency	60 Hz, 1 phase
Application	Ducted or Non-ducted	Required circuit protection: cooling/heating	20 A
Air conditioner profile	Standard profile	Current consumption: cooling/heating	16.9 A
Shroud color	White/Black	Refrigerant	R410A
Model	FJX3473M	Refrigerant quantity	13.4 oz.
Dimensions: internal	27.56" W x 14.40" H x 29.53" D	Generator size (1 unit/2 units)	3.5 kW/5.0 kW
Product weight	64 lbs.	Certification	CSA
Note if specific control thermostat needed	Manual or CT thermostat or CCCII thermostat	Warranty	Limited two-year

LOW-PROFILE, HIGH-PERFORMANCE COOLING

The leading low profile RV air conditioner, the Penguin II Rooftop Air Conditioner is a powerful cooler perfect for both ducted and non-ducted applications (air distribution box or return air grille available separately). Air conditioning or heat pump versions available.

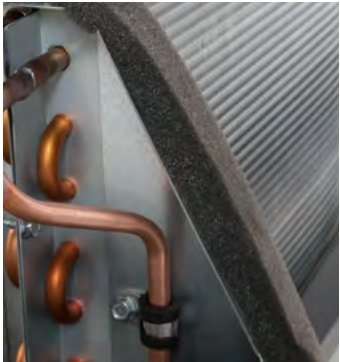

SLEEK DESIGN
Improved aerodynamics reduces wind resistance while underway

ECO-FRIENDLY
R410A refrigerant is environmentally friendly, releasing heat more efficiently

PREMIUM COMFORT
High-performance motor and fan for maximum cooling

HIGH PERFORMANCE
Foam seals prevent unwanted heat transfer and loss of performance

Penguin II Rooftop Air Conditioner 640315

Item number	9105304179/9105304180	Note if specific control box needed	No pre-installed control board

Dometic’s Blizzard NXT rooftop air conditioner not only looks great, its highly efficient operation makes cooling air easy. The aerodynamic design will minimize the drag from air resistance while the vehicle is in motion. Vibration isolation components also reduce sound to a minimum, ensuring you are not disturbed by the noise of your air conditioner. The Blizzard NXT is robust and durable, meaning it will supply refreshing, cool air in your RV for many years.

SMARTSTART AC RV 120V

The Dometic SmartStart AC accessory for RVs reduces AC start-up power demand by as much as 75%. This innovative AC device enables the AC to run on a generator as small as 2,000W, helping to eliminate the need for shore power and making boondocking easy. It also makes it possible to use an inverter in a solar application without faulting. With the SmartStart AC RV, RV owners have the option of moving to a smaller generator, saving weight and money while enjoying quieter AC startups at any time of day or night.

STAY WARM WITHOUT BEING DISTURBED

The Dometic furnace is a compact, lightweight heater boasting a quiet operation thanks to reduced air turbulence. For easy and flexible installation, it may be placed vertically or horizontally. With the most duct configurations on the market, you can distribute heat exactly as you need it. Access door and thermostat sold separately.

VENTILATION

It doesn't take much for RV enthusiasts to feel happy once they are on the move. They seek to live at one with nature, to enjoy light and fresh air even inside their rolling home. Good air quality is essential if you want to enjoy your journey. Dometic provides flexible ventilation solutions to keep you (and your equipment) in good condition. Our roof vents come with an integrated and energy-efficient variable-speed fan for maximum comfort and convenience. Which means you can look forward to fresh air without it costing you a fortune. Choose between manual and automatic operation.

AWNINGS

Small or large trailer or fifth wheel, motorhome or class B: Dometic has a tailor-made awning solution for every demand. Comfort enthusiasts are likely to opt for a 12 volt model without support legs, which slides out at the push of a button. Those who prefer crank operation will pick a classic awning with support legs. The offer includes awnings from 5 ft up to 25 ft long, with attractive fabric colors and various housing colors to match the design of the recreational vehicle.

DOMETIC AWNINGS
AT DOMETIC FOR BUSINESS**

RELAX IN SHADED COMFORT

Traveling in an RV gives you the privilege of being free to stop at the most beautiful places. Simply turn off the ignition, get out the table and chairs and enjoy the marvelous view. Dometic helps you turn the front of your RV into a dedicated mobile patio. Some use this area for food prep, cooking, grilling, and eating. Others use this space for entertaining, spending time with family and friends, a play area for children or pets, or even as an extension of their living space. Dometic affords you all these opportunities with our full range of patio awning solutions.

AWNINGS

Dometic has been manufacturing high quality awnings for many years. We offer a wide range of wall mounted products for varying budgets and vehicles sizes. We provide both manual and power options, with and without wind sensors.

SLIDE TOPPERS

Some say Dometic's SlideTopper awnings are the best you can get. Designed to offer protection from weather, debris and mildew, our SlideToppers are durable and easy to install. Which means you can look forward to worry-free, reliable performance.

WINDOW AWNINGS

Our well-designed window awnings make any vehicle feel like home. They are practical, not only providing shade and privacy, but also helping with energy costs. They can help keep your coach cooler so you may not need to run the air conditioning as often. Dometic window awnings are made with high quality fabric, simple to install and easy to maintain.

AWNING
INSTALLATION MEASURING

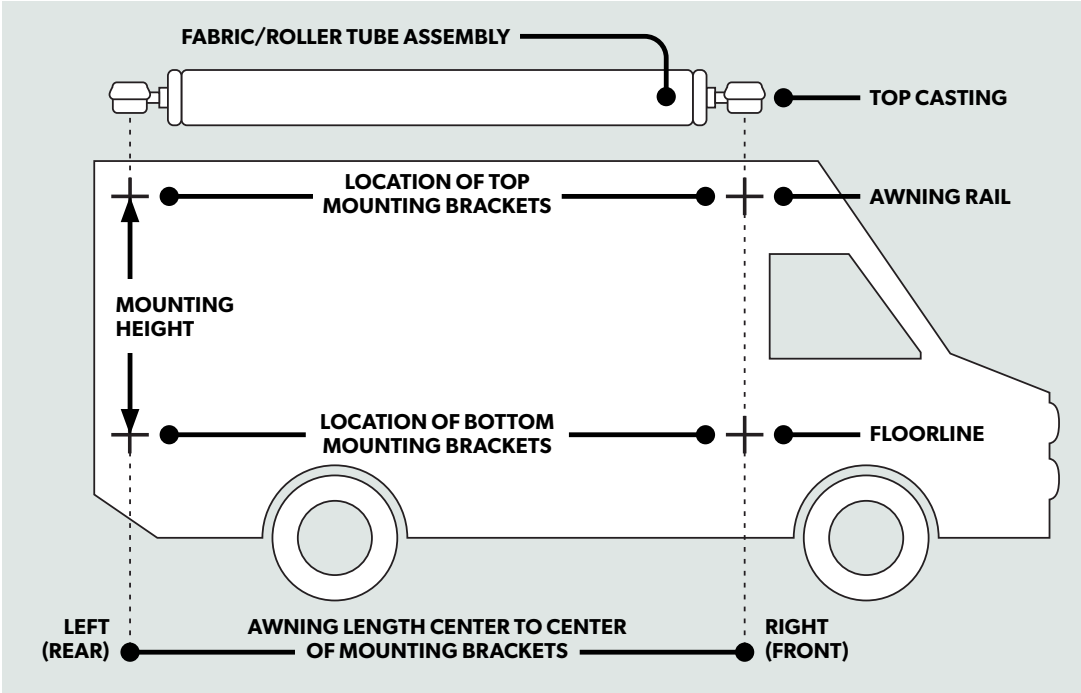

Patio Awnings

1.

When installing a new patio awning on a recreational vehicle, the location of windows, doors, storage compartments, and trim must be considered so the awning will not block or obstruct them. The floor line and solid structural members must be located for proper and secure mounting of hardware.
2.

The true awning length is obtained by measuring between top casting to top casting, center-to-center (see illustration).
3.

The two bottom mounting brackets should be positioned directly in line with the floor line of the vehicle. Make sure the center-to-center distance between the two bottom mounting brackets is exactly the same as the distance between the two top mounting brackets and the awning length (see illustration).

4.

When ordering replacement fabrics or roller tubes, specify the center-to center measurement between the top casting and NOT the length of the fabric or roller tube (see illustration). When ordering new awnings, specify the length to nearest foot, not to a fraction of a foot. Dometic produces special length awnings, for example: 10’ 8”, 14’ 6”, 16’ 6”, and 19’ 6”. When ordering fabric or roller tubes for these sizes, be sure of the measurement between the center of the top casting to center of top casting. For total overall awning mounting length, add 3 inches to the center-to-center measurement between the top castings.

Measurements

HOW TO DETERMINE WHICH MODEL OF HARDWARE YOU CAN USE

1.

Measure from top of door to the awning rail. This distance will tell you if you have enough room to install a Power Awning.

A.

These minimums needed to use STANDARD hardware

(1)

Under 6” - advisable not to use Power Awning, edge of door will scrape fabric

(2)

Need 6” to install Power Awning with vinyl weathershield

(3)

Need 7” to install Power Awning with metal weathershield

Note: Add 2” to the minimum needed if door is at or near center of awning*

B.

These minimums are needed to use Basement hardware

(1)

Need 11” to install Power Awning with vinyl weathershield

(2)

Need 12” to install Power Awning with metal weathershield

Note: Add 2” to the minimum needed if door is at or near center of awning*
2.

Want to know how high roller will be from the ground in the extended/out position? Do the math:

A.

Measure distance from ground to awning rail () minus 18” = ()

this is the distance roller will be from ground on Standard hardware*

B.

Measure distance from ground to awning rail () minus 36” = ()

this is the distance roller will be from ground on basement and 5th wheel hardware**
- Knowing the above measurements will allow you to make the correct choice as to which model of hardware you want to use on your Power awning installation.
- Specifications
- INFORMATION YOU SHOULD KNOW ABOUT THE POWER AWNING.
1.

Extension when fully extended: 8 feet

2.

Lengths available: from 12 to 21 feet in one foot increments

3.

Length measured: from center of arm to center of arm

4.

Width of arm: 3” (1 1/2”: on each side of center)

5.

Length of hardware back channel:

A.

Standard hardware, 65 1/2”

B.

Basement hardware, 62 1/4”

6.

Depth of arm closed: 3 1/4”

7.

Bottom bracket location from awning rail:

A.

Standard hardware, 66”

B.

Basement hardware, 63” (with extensions add 15”)

8.

Pitch of fabric when fully open:

A.

Standard hardware, 13 degrees

B.

Basement and 5th Wheel hardware, 20 degrees

9.

Awning roller tube distance below awning rail when fully open:

A.

18” when using Standard hardware

B.

36” when using Basement hardware

•

With standard hardware awning roller tube will be 92” (7’ 8”)

•

With basement hardware awning roller tube will be 74” (6’ 2”)
- * Must have minimum of 6” door to rail to use Standard. ** Must have minimum of 11” door to rail to use Basement. Center-to-center measurement between the top castings.

Dometic 9100 Power Patio Awning

The Dometic 9100 Power Patio Awning extends from the side of your vehicle to provide shade, increases the usable living space of your RV, and allows you to spend more time enjoying the outdoors! The awning hardware allows you to raise or lower the awning and independently adjust the pitch to allow for protection from low sun. The 9100 Power Patio Awning is offered in one-foot increments to maximize the shade available for your RV.

- One person control
- In-tube motor design is protected from the elements
- Knee Action design allows awning to flex in moderate winds
- Pitch adjustment allows awning to be lowered for low sun or rain shed
- Manual override

Features

- 12V motor driven awning, effortlessly and quickly opens and closes via wall mounted switch
- Available in acrylic fabric with metal weathershield and double-sided vinyl fabric with vinyl weathershield or metal weathershield.
- Ergonomic lock knobs, located low for easy use, allow for low sun angle positioning

Dometic 8500 Manual Patio Awning

The Dometic 8500 Manual Patio Awning offers durable and stylish vinyl double sided fabric designed to provide shaded comfort. The robust construction ensures a long service life, providing reliable protection from the elements. The awning hardware allows for a greater degree of pitch adjustment.

Features:

- Opens and closes easily by one person
- Scratch resistant and UV protected double-sided vinyl fabric with vinyl weathershield or metal weathershield or acrylic fabric with metal weathershield
- Exclusive patented PermaLoop pull strap
- Vinyl cushioned lift handles
- Easily switch between carport or patio position, both with full 8 ft extension

Dometic 9000 Manual Patio Awning

The Dometic 9000 Manual Patio Awning offers premium acrylic fabric in rich solid colors, designed to resist scratching and fading. The robust construction ensures a long service life, with an all-metal weathershield providing reliable protection from the elements.

Features:

- Total operator control allows one person to smoothly open and close the awning
- Solid color, durable acrylic fabric with metal weathershield
- Patented travel lock latches for peace of mind
- Cushioned lift handles and ergonomic lock knobs reduce set up time
- Easily switch between carport or patio position, both with full 8 ft extension

Dometic 9500 Case Awning

The Dometic 9500 Case Awning is a convenient alternative to traditional awnings. The simple single piece assembly and lateral arms provide hassle-free installation.

- Available in 12-volt power or easy, manual crank-out operation
- Automatic Rain Shed makes it easy to drain away accumulated water
- Power awning’s wind sensor automatically retracts awning in winds for maximum protection
- Double-sided vinyl Linen Fade fabric
- Case’s brush seal cleans and seals the fabric for storage and long life
- Case available in black or white

Dometic Power Awning Extension Kit

- Easily replace a LCI awning and hardware with a Dometic.
- Covers holes left by original awning installation
- Launching in Q1 2023

Part Number: 3318172.000U: Back channel extension kit-Black
Part Number: 3318172.000B: Back channel extension kit-Polar White

Dometic Power Awning Pro Kit

- Use with any power awning on the market
- Open/close the awning remotely
- Advanced wind sensor automatically closes the awning in high winds
- Control awning’s LED lights remotely with a dimming feature.
- Ignition interlock prevents accidental opening while RV is moving

Part Number: 3317115.002: Polar White
Part Number: 3317115.005: Black

Dometic Power Wand

- Hassle-free hard wiring
- Lithium ion battery operates the awning through multiple cycles on a single charge
- Simple installation for plug-and-play use
- Easier option for upgrading to power awning
- Includes 110V charger with LED status light

Part Number: 3316736.000: Power wand assembly
Part Number: 3316737.000: Replacement battery-power wand

THE BEST AWNING FABRIC

Dometic offers both acrylic and vinyl replacement fabric options. Premium acrylic fabrics keep temperatures up to 20% cooler than vinyl fabrics with 9.25 oz per square yard versus 13.5 oz per square yard for vinyl. The acrylic fabrics repel water and mildew, are easy to clean, resistant to UV rays, color fading and abrasions. The vinyl fabrics are resistant to mildew, abrasion, UV rays, cold cracking and flames, they are also polyester reinforced for added strength and dimensional stability.

SLIDETOPPERS

Protect your RV with a Dometic SlideTopper. SlideToppers help prevent damage from hazardous weather conditions to your RV’s slideout room by keeping water, branches, leaves and other debris out of your mobile living space. SlideToppers come with durable fabrics that reflect heat and light to help keep RV interiors cool. Utilizing SlideToppers on your RV will protect your investment for years to come.

Determining Size Of SlideTopper

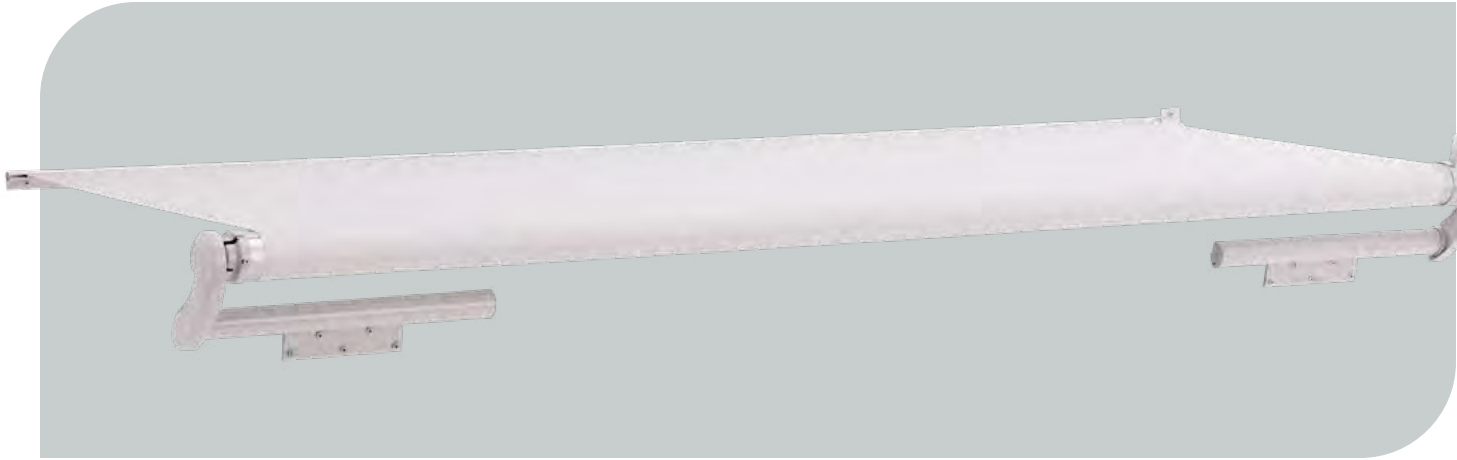

To determine which size of SlideTopper you require, measure your room according to the picture and reference chart. The SlideTopper will not work on rooms with a full extension greater than 42.”

Dometic SlideTopper EZ

The Dometic Deluxe and Elite SlideTopper shields your slideout room from debris, is made of durable, stain and mildew resistant vinyl fabric, and comes with a metal weathershield. The Deluxe comes with a vinyl weathershield. The Elite comes with a metal weathershield.

- Reflects light to help keep interior cooler
- Extends and retracts automatically with your slideout room
- Anti-billow device keeps fabric rolled tight to help prevent wind damage
- Pre-tensioned inner spring assembly
- Easy to clean, just hose off or wash with mild soap

Dometic Full Cover SlideTopper

The Dometic Full Cover SlideTopper comes in a case similar to the 9500 case awning. The awning protects your RV slideout room from unwanted debris.

- Reflects light to help keep interior cooler
 - Extends and retracts automatically with your slideout room
- Anti-billow device keeps fabric rolled tight to help prevent wind damage
 - Full cover case provides maximum protection
 - Easy to clean, just hose off or wash with mild soap

Vinyl Fabric

WINDOW AWNINGS

The Elite Window Awning shields your RV window from sunlight and natural debris. Enhance your comfort by keeping the sun out of your eyes and lowering the internal temperature of you RV.

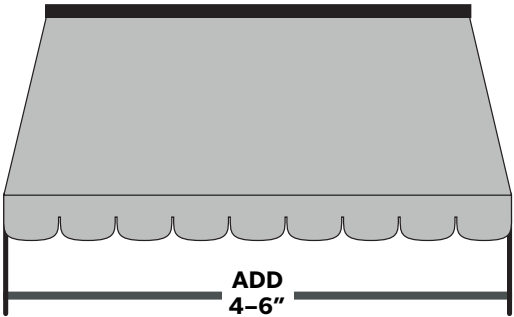

WINDOW AWNINGS

Dometic Elite Window Awning

The Dometic Elite Window Awning shields windows from the sun to help lower the temperature of the interior coach. Window awnings also protect the windows from light showers, so you can enjoy the fresh air without having a puddle in your mobile living space.

- Easy to use strap
- Rich, vibrant color patterns
- Setup takes less than 10 seconds
- Hardware sold separately

Elite Window Awning - Standard

Mounting bracket color matches arms, 18" arms

Model Number	Description
830757.002B	Polar White
830757.002U	Black

Window Awnings

1. When installing window awnings on a recreational vehicle, first measure the overall width of each window frame.
2. The awning length is obtained by adding 4" to 6" to the overall width of the window frame.

WATER HEATERS

Play hard, then relax. Immerse yourself and find comfort in a soothing shower while on the road. Hygiene has never been easier thanks to the reliability and efficiency offered by Dometic's water heaters. A full range of gas/electric and XT models means a best-in-class water heater is ready to suit your needs while living mobile.

WATER HEATERS

ENJOY THE COMFORTS OF HOME

Do you enjoy taking a cold shower on a winter's day? Neither do we. That's one reason why we are pleased to offer you a selection of durable and reliable water heaters – to ensure you always have hot water on tap. Some think hot water is a luxury travelers can be without. That is not true. If you want to enjoy the journey, you need hot water.

COOKING

Admittedly, kitchens in motorhomes, travel trailers, fifth wheels and camper vans are far smaller than your kitchen at home, but they can be just as well-equipped. Dometic offers everything you need for a well functioning mobile kitchen. Choose from a wide range of cooktops and ovens. Cake or pizza, juicy roast or crispy chicken, grilled dishes or just a quick soup you can create the most delicious delicacies when traveling.

DOMETIC COOKING
AT DOMETIC FOR BUSINESS

STAY FOR DINNER

You may be far from home, but that doesn't mean you can't enjoy a delicious home-cooked meal – using local ingredients. Dometic's cooking solutions help make your journey even more pleasurable with a range of innovative products for your camping kitchen. One of the challenges of travel cooking is having enough room to do the job. Making the most of very little space is something our designers think about a lot. That's why our cooktops are so popular. You lift the lid up when it's time to cook and lower the lid to have extra surface for preparation. Voilà.

Description	Absorption Refrigerator, single Door	Absorption Refrigerator, single Door, 3 way power
Model	RM2351	RM2354
Storage Volume, (cubic feet)	3	3
Cooling Technology	Absorption	Absorption
Refrigerant	R717	R717
Power sources	Propane, 12VDC, 120VAC	Propane, 12VDC, 120VAC
Dimensions: external	21.88" W x 30.19" H x 22.69" D	21.88" W x 30.19" H x 22.69" D
Recess Dimensions	20.5"W x 29.75" H x 21.38" D	20.5" W x 29.75" H x 21.38" D
Weight (lbs)	64	64
Door Type	Panel Required	Panel Required
Door Hinge	Right	Right
Reversible Door	Yes	Yes
Warranty information	Limited two-year	Limited two-year

DMC4081 Refrigerator

Item number	9600028282
Legacy number	9600028282
Description	12VDC Compressor Refrigerator, Two Door
Model	DMC4081
Storage Volume, (cubic feet)	8
Cooling technology	Compressor
Refrigerant	R134a
Power sources	12VDC
Dimensions: external	23.63" W x 53.63" H x 27.5" D
Recess dimensions	24" W x 53.90" H x 24" D
Weight (lbs)	114
Door type	Stainless Steel
Door hinge	Right
Reversible door	Yes
Warranty information	Limited one-year

NRX35C Refrigerator

Item number	9620001830
Legacy number	9620001830
Description	12VDC Compressor Refrigerator, Single Door
Model	NRX35C
Storage volume (liters/cubic feet)	32/1.1
Compartments	Fresh Food
Cooling technology	Compressor
Refrigerant	R134a
Power sources	12VDC
Dimensions: external	15" W x 20.7" H x 18.9" D
Recess dimensions (door not recessed)	15.4" W x 21.1" H x 18.5" D
Weight (lbs)	35
Door type	Black
Door hinge	Right
Reversible door	Yes
Warranty information	Limited one-year

NRX50E Refrigerator

Item number	9620001838
Legacy number	9620001838
Description	12VDC Compressor Refrigerator, Single Door
Model	NRX50E
Storage volume (liters/cubic feet)	44/1.6
Compartments	Fresh Food & Freezer
Cooling technology	Compressor
Refrigerant	R134a
Power sources	12VDC
Dimensions: external	15" W x 20.7" H x 20.1" D
Recess dimensions (door not recessed)	15.4" W x 21.1" H x 19.7" D
Weight (lbs)	37
Door type	Black
Door hinge	Right
Reversible door	Yes
Warranty information	Limited one-year

NRX130S Refrigerator

Item number	9620001849
Legacy number	9620001849
Description	12VDC/120VAC Compressor Refrigerator, Single Door
Model	NRX130S
Storage volume (liters/cubic feet)	126/4.4
Compartments	Fresh Food & Freezer
Cooling technology	Compressor
Refrigerant	R134a
Power sources	12VDC/120VAC
Dimensions: external	20.5" W x 32.0" H x 22.4" D
Recess dimensions (door not recessed)	21.1" W x 32.4" H x 22.0" D
Weight (lbs)	59
Door type	Stainless Steel
Door hinge	Right
Reversible door	Yes
Warranty information	Limited one-year

NOW EVEN COOLER

Dometic Americana II Plus offers many upgraded features, with versatile interior storage, user-friendly eye-level electronic controls, and two-way power with automatic LP ignition this is a world-class RV refrigerator. It also offers a climate control system that saves energy, and helps prevent condensation - this is the perfect travel companion.

CLICK LOCK HANDLE
Ergonomic, one-motion pull action handle

LED LIGHTING
Illuminates the fresh food compartment, energy efficient

SPACIOUS SHELVES
Enjoy large shelves for food storing

TEMPERATURE CONTROL
Automatic LP electronic ignition

Americana Plus DM2882 Refrigerator

Item number	9600007232
Legacy number	DM2882RBF1
Description	Absorption refrigerator, two door, premium controls with fan
Model	DM2882
Storage Volume, (cubic feet)	8
Cooling Technology	Absorption
Refrigerant	R717
Power sources	Propane, 12VDC, 120VAC
Dimensions: external	24.88" W x 60.81" H x 26.19" D
Recess Dimensions	23.69" W x 59.94" H x 24" D
Weight (lbs)	124
Door Type	Panel Required
Door Hinge	Right
Reversible Door	Yes
Warranty information	Limited two-year

Americana Plus DM2682 Absorption Refrigerator

Item number	9600007203
Legacy number	DM2682RBF1
Description	Absorption refrigerator, two door, premium controls with fan
Model	DM2682
Storage Volume, (cubic feet)	6
Cooling Technology	Absorption
Refrigerant	R717
Power sources	Propane, 12VDC, 120VAC
Dimensions: external	24.88" W x 54.65" H x 26.19" D
Recess Dimensions	23.69" W x 53.75" H x 24" D
Weight (lbs)	115
Door Type	Panel Required
Door Hinge	Right
Reversible Door	No
Warranty information	Limited two-year

YOUR TRUCK JUST GOT COOLER

WITH A BUILT-IN CENTER CONSOLE TRUCK REFRIGERATOR

The Dometic CCF-T Center Console Refrigerator has been designed for optimal space and cooling performance. Built to hold 9 12-ounce cans or 6 half-liter bottles, the integrated truck refrigerator monitors your battery level even when the vehicle is shut off; it continues running until your battery reaches the 12.3V mark.

Shut off your truck with the fridge on and it will power up automatically when you start the ignition. Built to maximize the space of your center console, the compressor has quiet operation and a low energy requirement, creating the perfect upgrade for your select GMC, Chevrolet, or Ford truck.

CCF-T CENTER CONSOLE TRUCK FRIDGE

DESIGNED TO HIT THE ROAD

Always on the go? The Dometic CCF-T lets you bring your favorite food and drinks along for the ride with a truck fridge that looks cool and keeps your drinks even cooler. Our innovative CCF-T Center Console Refrigerator fits seamlessly into the console of select Ford F-150, Expedition, Chevrolet Silverado and GMC Sierra models, providing maximum refrigerated space for you and your passengers, without ever needing ice.

GENEROUS STORAGE CAPACITY

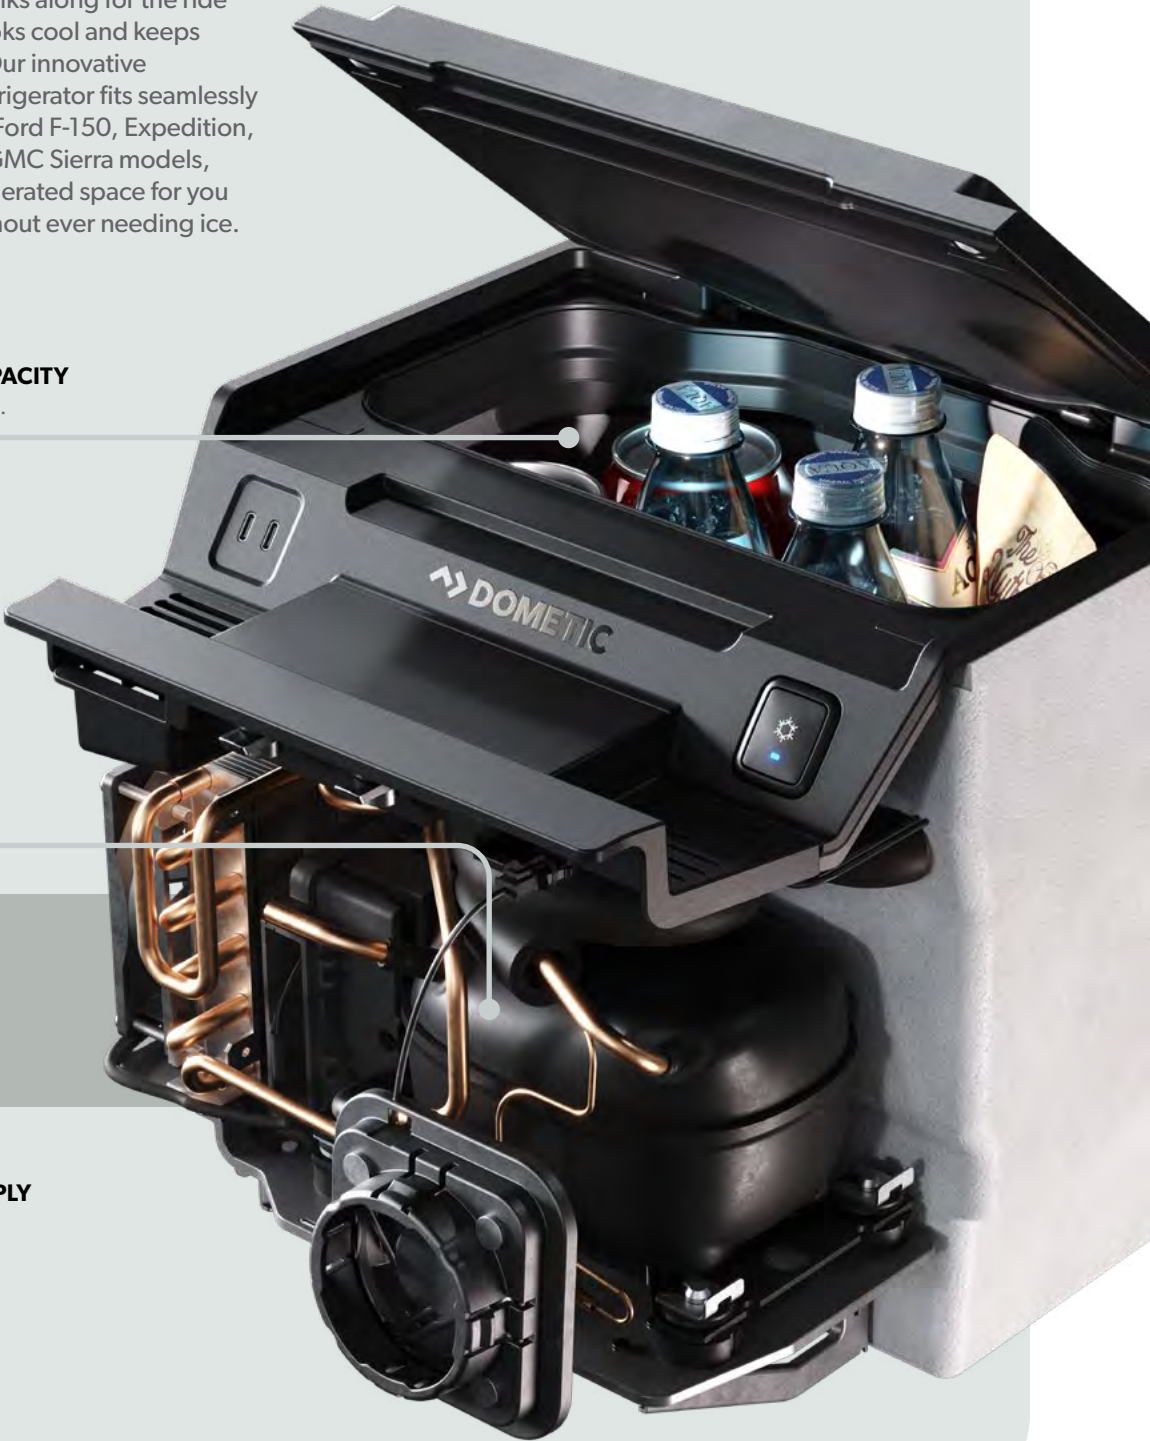

Up to 7.5 Liters, fits up to 9 cans.

COMPRESSOR

Automotive approved compressor.

INTEGRATED POWER SUPPLY

Easily install with existing vehicle 12V power supply.

PATROL ICE CHESTS

LEARN MORE ABOUT
DOMETIC PATROL COOLERS
AT DOMETIC FOR BUSINESS

BUILT TO KEEP YOUR ICE FROZEN FOR DAYS

Through heat and dust, pouring rain and mud, Dometic Patrol ice chests take it all in stride. The robust one-piece rotomolded polyethylene design makes the ice chest tough enough for years of outdoor adventure. On hikes, rides and climbs, its dependable cool storage make the Patrol an ever present companion. Ready for the challenge, it dares you to go further because it can handle harsh treatment. Every scratch tells a story.

LARGE DRAIN
Leak-proof drain for easy cleaning.

HIGHLY INSULATED
Deep freezer seals with thick PU insulation keeps cold air trapped inside.

EASY ACCESS
Open with one hand thanks to convenient rubber latches.

COOL ICE CHESTS

LEARN MORE ABOUT
DOMETIC COOL ICE CHESTS
AT DOMETIC FOR BUSINESS

LIGHTWEIGHT AND HEAVY DUTY DESIGN

No matter the temperature outside, you can be sure of cool, fresh food and drinks with a Cool Ice icebox. Made from robust plastic, it can withstand the roughest conditions and its thick, refrigeration- grade foam insulation and specially designed seal helps to keep ice frozen for days. The smaller Cool Ice boxes come with a carry strap, while the larger sizes come with strong polyethylene handles.

EASY LOCK AND SEAL
Lock and seal cold air inside for longer lasting ice.

ROBUST
Robust design with unique labyrinth seal.

TIE-DOWN POINTS
Strong handles for tie-down points (CI 42).

TRT 140 AIR ROOFTOP TENT

BASECAMP ELEVATED

With our high-performance 12v pump included, the Dometic TRT 140 AIR is fully inflated and ready to support your outdoor adventure in minutes. This versatile rooftop tent utilizes our ultra-sturdy, single point inflation AIR Frame and an integrated foam mattress to provide fast, effective shelter for up to two people. The Dometic TRT 140 AIR is constructed with 300D Ripstop polyester and mesh windows throughout, reducing condensation and providing comfort in cold and warmer climates. The waterproof fabric coating and taped seams keep the elements outside where they belong.

SMALL PACK SIZE
The tri-fold base reduces the roof tent footprint, ideal for smaller passenger cars

KEEP INSECTS OUT
Window screens keep insects out without reducing airflow or compromising internal comfort

EASY ACCESS
Access the tent with the lightweight telescopic aluminum ladder

NEW
