19V-902

Subject: Slide-Room may Extend Unexpectedly

Dear Mr. Becker:

This letter serves to acknowledge Forest River, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:
DYNAMAX/ISATA/2018-2020

Mfr's Report Date: December 18, 2019

NHTSA Campaign Number: 19V-902

Components:
EQUIPMENT

Potential Number of Units Affected: 941

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2018-2020 Dynamax Isata motorhomes. The slim-rack slide out mechanisms may activate unintentionally, extending or retracting the slide room unexpectedly.

Consequence:

If the slide-room extends or retracts unexpectedly, there is an increased risk of injury or a crash.

Remedy:

Forest River will notify owners, and dealers will install a new controller and switch for the slideout mechanism, free of charge. The recall is expected to begin January 27, 2020. Owners may contact Forest River at 1-574-206-7600. Forest River's number for this recall is 55-1030.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Forest River's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kristin Lepper who may be reached by phone at 202-366-5227, or by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Joshua Neff
Chief, Recall Management Division
Office of Defects Investigations
Enforcement
