Operation	3

Introduction

The modular dinette seatback provides for seating at the dinette or the lounge. The backrest brackets installed on the dinette/lounge cushions provide for placement in two positions, either installed as a dinette backrest or repositioned for use as a lounge backrest. Brackets to hold the backrest are installed on both sides of the seat.

Safety

Read and understand all instructions before installing this product. Adhere to all safety labels. This manual provides general instructions. Many variables can change the circumstances of the instructions, i.e., the degree of difficulty, operation and ability of the individual performing the instructions. This manual cannot begin to plot out instructions for every possibility, but provides the general instructions, as necessary, for effectively interfacing with the device, product or system. Failure to correctly follow the provided instructions may result in death, serious personal injury, severe product and/or property damage.

WARNING

The "WARNING" symbol above is a sign that a procedure has a safety risk involved and may cause death or serious personal injury if not performed safely and within the parameters set forth in this manual.

CAUTION

The "CAUTION" symbol above is a sign that a procedure has a safety risk involved and may cause serious personal injury and/or severe product or property damage if not performed safely and within the parameters set forth in this manual.

CAUTION

Moving parts can pinch, crush or cut. Keep clear and use caution.

Operation

⚠ CAUTION

Make sure the backrest posts are completely seated in the brackets (Fig. 1). Improper placement could cause the backrest to tip over and cause injury.

1. Install the seatback in the brackets behind the lounge seat for the lounge position (Fig. 2).
2. Move the dinette seatback and install in the other set of seat brackets to create dinette seating (Fig. 3).
