Snap lock rear cover for easy installation

Threaded strain relief makes
installation faster and easier
while pulling the cable towards
the terminals to ensure a safer
and secure connection.

Innovative terminal design
provides 50% more screw thread.
Secure cable with more torque
and reduce cross threading
during installation.

Transparent pin face provides the
user with quick indication that the
cable is secured to the terminal
and provides visible warning for
overheating connection or internal
damage.

Designed and tested to meet
rigorous global industry standards
including USCG, ABYC, CE and
Marine ETL Listed.
