NOTICE:

The Girard 2GWHDA6 and 2GWHAS10 Conversion Door Kits do not cover the corners of the **Atwood 6 and 10 Gallon** water heater with a **FLUSH MOUNT Door**. The installer will need to make modifications/fabricate to cover the corners. Prior inspection is recommended and quote the customer for any additional labor and/or materials. This issue is only applicable to the **Atwood FLUSH MOUNT Doors**. No modification/fabrication is needed if a **Suburban FLUSH MOUNT Door**.

NOTE: GSWH-2 DOORS ARE NOT COMPATIBLE WITH EARLIER GIRARD WATER HEATER MODELS GWHW-1 AND GSWH-1M
