

HappiJac Tie-Downs

HappiJac's innovative Frame Mount Tie Down System puts leverage to work for you. Its design combines frame strength and sound engineering principles to create an I-beam truss structure that makes your camper an integral part of the truck, providing unsurpassed strength and security. Its Direct-to-Frame™ mount is strong and easy to use. While other tie downs may "hold your camper down," only HappiJac Tie Downs prevent camper movement in all directions (up-down, side-to-side, and front-to-back).

Below is a complete listing of Happijac Tiedown installation guides. Simply click on the product for which you wish to download instructions. If you do not see the information you are looking for, [contact Happijac](#). A customer services representative stands ready to help you.
