

50 AMP Smart Energy Management System - Connector Plug Removal Instructions

WARNING - FAILURE TO USE THE EZ-R PLUG REMOVAL TOOL AND USING ANY OTHER TOOL TO REMOVE THE INSTALLED PLUGS WILL CAUSE DAMAGE TO THE HOUSING AND VOID THE WARRANTY.

An EZ-R connector plug removal tool and extra plug are included in the installation kit. Place the extra plug inside the collar on the EZ-R Plug removal tool as shown. Place the collar on the removal tool completely over the plug to be removed on the Smart EMS housing so that the face of the collar is flush with the plastic housing as shown, the extra plug will back out of the collar slightly. Press the cap of the extra plug into the removal tool and the installed plug will be ejected into the housing. Repeat this process for each plug to be removed.
