

Introduction

This document provides instructions for downloading, installing and using the OneControl® app, available for wireless (Wi-Fi or Bluetooth®) Android™ and Apple® smart devices, and connecting it to OneControl.

NOTE: Make sure the device being used has been updated with the latest version of the OneControl app.

Resources Required

- The smart device being used for the app must be running the latest version of its operating system. If necessary, update the smart device to the latest version of its operating system before downloading and installing the OneControl app.
 - If using an Apple iPhone, an iPhone 8 or higher running iOS Version 13 or higher is required.
 - If using an Android phone, the operating software must be Version 8 or higher.
- OneControl app V5.0 or higher.
- Internet access.

Preparation

1. Turn on the smart device and make sure it has Internet access.
2. Download and install the LCI OneControl application from either Apple's App Store® (iOS) or Google Play™ (Android).
3. Open the LCI OneControl app (Fig. 1).

App Store® is a trademark of Apple Inc.
Android™ and Google Play™ are trademarks of Google LLC.

ELECTRONICS

Connection

1. After opening the OneControl app, tap **VIEW LICENSE AGREEMENT >>** (Fig. 1A).
2. Read and/or scroll down through the **LICENSE AGREEMENT** to the end of the agreement (Fig. 2).

NOTE: Reading or scrolling to the end of the Agreement is required to reach the **Agree >>** button (Fig. 2A). Tapping the **Decline >>** button at any time will return the app to the beginning (Fig. 1). The License Agreement **MUST** be accepted to continue with the setup.

3. Tap the **Agree >>** button (Fig. 2B) on the License Agreement.

ELECTRONICS

4. Tap the CREATE YOUR ACCOUNT button (Fig. 3A) and follow screen prompts to create a new account or tap the LOGIN >> button (Fig. 3B) to access an existing account.
5. To begin RV and devices connection with the app, tap the "plus" icon (+) (Fig 4A) on the **OneControl** screen (Fig. 4).

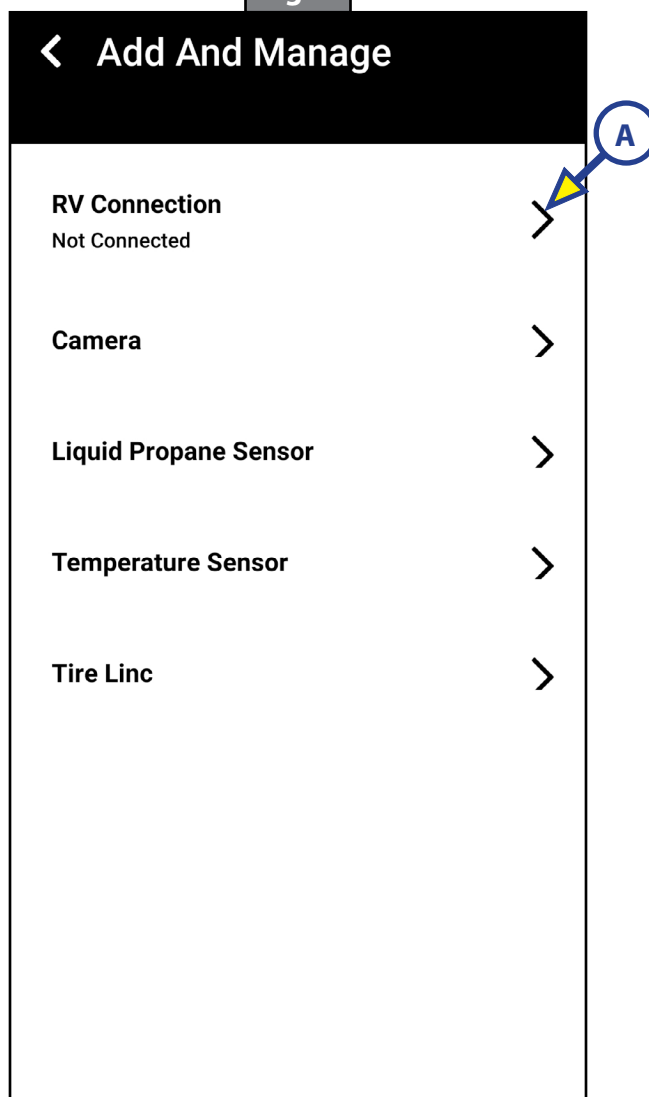

ELECTRONICS

6. To connect the app to the RV and other installed devices, tap the "next" arrow (>) to the right of the device name (Fig. 5A) displayed on the < **Add And Manage** screen (Fig. 5).
7. Follow all subsequent app prompts to continue connecting to the selected device.

NOTE: The OneControl app may request to be granted Location and Camera Permissions. Grant these permissions to continue connecting to the RV or other devices. Not all devices listed may be installed or available for connection.

8. Repeat steps 6 and 7 to connect other, installed devices if desired.
