

Heavy Duty Slide Assembly

Variety of depths or sides. Create the exact width you need by bolting in plywood platform. Cover with carpet, rubber matting, or vinyl and you are set. Industrial grade ball bearing slide gives smooth action and support with 100% pull-out length.

- Industrial grade ball-bearing slide
- 200-450 lb weight capacity
- Safety latch holds platform secure during travel and when fully extended.
- For a listing of optional trim kits, see App Guide for Super Slide I, page 2.

Shown as installed. Heavy Duty Slide assemblies ship with side slide assemblies—you create slide floor from plywood and covering (not included.) If end pieces are desired, order separately.

Part Number	Length	Capacity (in lbs.)	Latches
905902000	16"	200	Right Side
905916000	22"	200	Right Side
905966000	22"	400	Right Side
905918000	30"	200	Right Side
<i>*You determine width with plywood.</i>
