Safety

Read and understand all instructions before installing or operating this product. Adhere to all safety labels. This manual provides general instructions. Many variables can change the circumstances of the instructions, i.e., the degree of difficulty, operation and ability of the individual performing the instructions. This manual cannot begin to plot out instructions for every possibility, but provides the general instructions, as necessary, for effectively interfacing with the device, product or system. Failure to correctly follow the provided instructions may result in death, serious personal injury, severe product and/or property damage, including voiding of the Lippert limited warranty.

⚠ CAUTION

THE "CAUTION" SYMBOL ABOVE IS A SIGN THAT A PROCEDURE HAS A SAFETY RISK INVOLVED AND MAY CAUSE PERSONAL INJURY, PRODUCT AND/OR PROPERTY DAMAGE IF NOT PERFORMED SAFELY AND WITHIN THE PARAMETERS SET FORTH IN THIS MANUAL.

⚠ CAUTION

MOVING PARTS CAN PINCH, CUT, AND CRUSH. KEEP HANDS OFF MOVING PARTS AT ALL TIMES AND EXERCISE CAUTION WHEN EXTENDING OR RETRACTING THE LADDER.

Lippert Insight Back-up Camera LCD Display Kit

Installation and Owner's Manual

(For Aftermarket Applications)

Installation

1. Remove the Lippert Insight Back-up Camera LCD Display Kit from the packaging.
2. Clean area on dashboard or windshield where mounting arm will rest.
3. Remove the protective film from the bottom of the mounting arm (Fig. 1).

Fig.1

4. Secure mounting arm on dashboard or windshield by pressing down (Fig.2) on center and tightening the latch (Fig.3).

Fig.2

Fig.3

5. Once mounting arm is secure in desired area, attach the 7" display screen to the mounting arm by sliding the slots located on the back of the display over the tabs on the mounting arm (Fig.4).

Fig.4

6. Adjust display screen by loosening and tightening the display knob on the left side of the mounting arm (Fig.5).

Fig.5

7. Attach the USB power cord to the display screen (Fig.6).

Fig.6

Troubleshooting

What Is Happening?	Why?	What Should Be Done?
Display does not connect to camera.	Camera not powered up. Turn battery disconnect on.	Connect to shore power. Connect 7-way to tow vehicle.
Camera not powering up	Marker/running lights are OFF.	Turn marker/running lights on tow vehicle or trailer.
Camera is displaying a blank screen after connection.	Another mobile device is connected to the camera.	Power down or restart other connected mobile devices.
	Cycle power to unit.	Remove power from camera for two minutes by cycling battery disconnection and reconnection of shore power and the 7-way connector, or by turning the running/marker lights on and off.

If further assistance is required, please contact the Lippert Customer Care Center at 432-LIPPERT (432-547-7378).
