

## BEDS

### Purpose

This document outlines the specifications for the Murphy Bed.

| Fold-out, wall-mounted bed system                                  |                                                                       |
|--------------------------------------------------------------------|-----------------------------------------------------------------------|
| Cantilever bed system; manual movement assisted with gas struts    |                                                                       |
| Callout                                                            | Item                                                                  |
| A                                                                  | Width: 6' 8" (1986.69 mm)                                             |
| B                                                                  | Width installed in storage position: 7 1/8" (180 mm)                  |
| C                                                                  | Mattress height: 4 3/4" maximum (120 mm)                              |
|                                                                    | Open position distance from wall to edge of bed: 30 9/16" (775.85 mm) |
| Load capacity: 220 lbs. (100 kg)                                   |                                                                       |
| Minimum backer for installation: 0.90 aluminum stuffed with wood   |                                                                       |
| Attaching hardware: #10 x 1 1/4" self-tapping screws; quantity: 20 |                                                                       |

As a supplier of a broad array of highly-engineered components in the recreation and transportation product markets, safety, education and customer satisfaction are our primary concerns. Should you have any questions, please do not hesitate to contact us at 432-LIPPERT (432-547-7378) or by email at [customerservice@lci1.com](mailto:customerservice@lci1.com). Self-help tips, technical documents, product videos and a training class schedule are available at [lippert.com](http://lippert.com) or by downloading the LippertNOW app.
