NOTE: Images used in this document are for reference only when assembling, installing and/or operating this product. Actual appearance of provided and/or purchased parts and assemblies may differ.

Safety

Read and understand all instructions before installing or operating this product. Adhere to all safety labels.

This manual provides general instructions. Many variables can change the circumstances of the instructions, i.e., the degree of difficulty, operation and ability of the individual performing the instructions. This manual cannot begin to plot out instructions for every possibility, but provides the general instructions, as necessary, for effectively interfacing with the device, product or system. Failure to correctly follow the provided instructions may result in death, serious personal injury, severe product and/or property damage, including voiding of the Lippert limited warranty.

WARNING

The "WARNING" symbol above is a sign that a procedure has a safety risk involved and may cause death or serious personal injury if not performed safely and within the parameters set forth in this manual.

CAUTION

The "CAUTION" symbol above is a sign that a safety risk is involved and may cause personal injury and/or product or property damage if not safely adhered to and within the parameters set forth in this manual.

Operation

The Oblo Blinds have three different features: blind (Fig. 1A) screen (Fig. 1B) and latch (Fig. 1C).

1. Grip the middle of the lower profile near the latch to raise the Oblo screen slowly and latch to the Oblo blind at the top (Fig. 2A).
2. Grip the top screen and slowly pull down (Fig. 3A). Both screen and blind can be used at the same time.
3. When blind is completely down unlatch from screen and raise to desired position (Fig. 4).

NOTE: Do **NOT** rapidly raise and lower the profiles of the assembly. Rapidly raising and lowering the blinds may cause damage to the Oblo Blinds or wall of the unit.
