

Warranty Pump Assembly Replacement for Fleetwood Hydraulic Leveling Systems

© Copyright PowerGear Issued: February 2012

#82-L0514, Rev. 0D 02/13

NOTE

For a copy of the latest warranty policy, please visit our website at www.lci1.com. Click on the word **WARRANTY** at the top of the home page to be taken to the warranty info page. There you will find all of the latest information regarding our warranty policy and procedures.

Pump assemblies used on Fleetwood leveling systems can and should be broken down into individual part numbers when it has been determined that there is a warrantable defect found. Power Gear warranty policy (see the **NOTE** to the left) covers the defective part only and will not pay for Complete Pump Assemblies (**FIGURE 1**) or Base Pump Assemblies (**FIGURE 2**) when a replacement part is available. Below is a listing of current production pump assemblies used on Fleetwood leveling systems and the available replacement part number(s).

For additional assistance in identifying the correct replacement part, contact Lippert Components at www.lci1.com.

If your pump assembly part number is not listed, contact Fleetwood to obtain the Power Gear System Number.
