

AXLES AND SUSPENSION

Fig. 1

1. The label will always be located on the back of the axle on the center of the beam.
2. Gold dichromate u-bolts and tie plates. This will be similar to a few models from a competitor.
3. LCI powder coats our axles. At this time LCI is the only axle manufacturer powder coating. Powder coating gives a finer, smoother exterior surface.

Fig. 2 - Axle Label Information

Axle Communication - Manufacture date and Serial Number information is critical for analysis and correction of issues
