Braking is all about safety. Proper upkeep and maintenance ensures safety and performance, especially when towing RVs on steep grades or stopping in panic situations.

MORryde has extended its reputation as the RV industry's authority on suspension systems and ride enhancement to provide expert, qualified service on trailer brakes.

MORryde offers comprehensive brake service, including analysis of your current brakes, electric brake replacement or an upgrade to automotive-style disc brakes. Sealed cartridge bearings which carry a 50,000 mile warranty are also available for installation.

DISC BRAKES FOR TRAILERS

For the most reliable braking system, consider the advantages of disc brakes from MORryde. Disc brakes improve towing safety by offering automotive-grade brake performance that provides up to a 40% shorter stopping distance in an emergency stop.

DISC BRAKE FEATURES

- Disc brakes work with most aftermarket brake controllers
- Elecdraulic booster supplies fluid to brakes
- Simple installation
- Applicable for 3,500 to 10,000 pounds per axle (GAWR)

DISC BRAKE BENEFITS

- Shorter stopping distance
- Smoother, quieter braking
- Reduced heat build-up
- Fewer moving parts
- Reduced maintenance costs
- Replacement parts available at most automotive stores

Gain peace of mind. Trust MORryde for all your braking needs...
Suspension Experts, Brake Specialists.

ELECTRIC BRAKE SERVICES

MORryde can replace existing electric brakes or upgrade to a larger size for better, more controlled braking performance. MORryde offers a complete line of electric brake replacements and parts.

MORryde uses quality brake components by Kodiak® Trailers and Dexter® Axle

MORryde uses quality actuators from Carlisle® and Tow Brake®
