

Rechargeable Camping Lantern

RC-LG-01

User Manual

Rechargeable camping lantern is not only a fashion lantern but a power bank with lithium battery inside . It can be hanged up on the tent hook or be laid out horizontally on the desk as a reading light . What's more , the strong magnet allows you to put the lantern on car hood or car bottom while it breaks down . It also can be used as emergency power source when electricity cut off . There is no doubt that it's the best solution for camping !
