Protect All® Slide-Out Rubber Seal Treatment

- Unique foaming action stays where sprayed
- Keeps rubber surfaces clean creating a more effective seal
- UV protectant and water repellant extends the life of rubber seals

Protect All® Slide-Out Dry Lube

- Heavy duty formula prevents rust and corrosion
- Creates a dry film that lubricates without attracting dust and grime
- Keeps mechanisms like hinges and gears operating smoothly

Protect All® Chain Life

- Unique foaming action eliminates overspray and waste
- Creates a barrier between moving parts that repels dust and grime and withstands extreme heat and pressure

Protect All® Cable Life

- Cleans and lubricates extending the life of wire and other cables
- Displaces moisture and prevents rust

Protect All® Cable Life Cable Care Kit

- Includes: Protect All® Cable Life & Protect All® Cable Life Luber Tool

Thetford® Rubber Seal Conditioner

- Prevents fading, cracking and deterioration
- Cleans, conditions, shines and provides a protective coating that repels water

Thetford® Slide-Out Lubricant

- Lubricates rails and gears to improve slide-out function
- Protects mechanisms from road elements and displaces moisture to prevent rust

SANICON®
TURBO

Sani-Con® Turbo 600S

- Storage Bay Holding Tank Evacuation System
- Designed specifically for RVs with a sewer outlet in the storage bay
- Permanent installation saves time and reduces chance of spills
- Compact 1 1/2-inch diameter 21 ft. retractable hose is easy to access and completely hidden in the storage bay

600 S

500 S

Sani-Con® Turbo 500S

- Direct Mount Holding Tank Evacuation System
- For use when the sewer outlet needs to be cut-back
- Permanent installation saves time and reduces chance of spills
- Hose and nozzle can be routed to the storage bay or to an optional storage box
- Compact 1 1/2-inch diameter 21 ft. retractable hose

Sani-Con® Turbo 400S

- Bayonet Mount Holding Tank Evacuation System
- For use when the sewer outlet doesn't need to be cut-back
- Permanent installation saves time and reduces chance of spills
- Hose and nozzle can be routed to storage bay or to an optional storage box
- Compact 1 1/2-inch diameter 21 ft. retractable hose

400 S

300

Sani-Con® Turbo 300

- Portable Holding Tank Evacuation System
- Delivers convenience and power when a permanent installation is not possible
- Can be powered with a portable battery or wired for a quick connection
- Compact 1 1/2-inch diameter 21 ft. retractable hose

Powerful 12-volt, 1/2 hp motor enables dumping uphill 9 feet or up to 100 feet horizontally on all models

POLAR® ELITE

Polar® Elite refrigerators provide ample storage capacity, residential styling, DC compressor convenience and RV ready features.

N20DC
19 cu. ft. Compressor Refrigerator

- Residential Styling
- Stainless steel French doors
 - Glass interior shelves and clear door bins
 - A sliding shelf that adjusts for various sized containers
 - Integrated door-mounted digital control panel

- DC Compressor Convenience
- 19 cu. ft. of storage capacity in the same cutout as a 18 cu. ft. RV refrigerator
 - Unique power management system that ensures the lowest amp draw possible
 - An adjustable independent thermostat for fresh and frozen compartments

- RV Ready Features
- Individual compressors with separate wire inputs allow for flexibility in wire size selection
 - RV standard mounting method for easy installation without any add-on brackets
 - Fully integrated ergonomic door and travel latches with easy-open lighted handles
 - Adjustable shelf dividers to ensure proper storage of items during transit

- Energy Efficient
- Capable of running for up to 20 hours on a single battery charge
 - Night mode reduces compressor and fan speed

POLAR®

The Polar® series of refrigerators offer both DC compressor and gas absorption models for the perfect fit and function for all camping styles.

N10DC
10 cu. ft. Compressor Refrigerator

Perfect Fit

- Provides 10 cu. ft of storage capacity in the same cutout as 8 cu. ft. models
- RV standard mounting method for easy installation without any add-on brackets
- Reversible doors with curved edges in stainless steel or black matte finish

Plenty of Function

- Adjustable thermostat and separate temperature zones for fresh food and freezer sections
- Glass shelves, clear door bins and dual clear crispers drawers
- Shelf retainers secure items while in transit
- Recessed edge door handles with integrated travel latch

Energy Efficiency

- LED top control panel includes venting for improved refrigerator performance
- Night Mode reduces compressor and fan speed to conserve battery charge
- Manual defrost allows user to determine the best time to defrost or conserve battery charge
