

090-0201 Push Button Handle Linkages

For more information visit
www.trimarkcorp.com

This linkage is designed for light to medium duty applications for off-highway entrance doors requiring latch location remote from activation push button handles. These linkages provide ease of mounting for remote rod applications.

DESIGNED FOR:

- Off-highway vehicle applications - construction, mining, agricultural, forestry
- Applications that require latch location to be remote from the push button handle

FEATURES/BENEFITS:

- Provides a linkage option that facilitates linkage connection and ease of mounting for remote push button handle application

MATERIAL/FINISH:

- Linkage components: Zinc plated, mild steel
- Zinc plated, clear chromate steel components

AVAILABLE:

- In right or left hand configurations
- In a variety of bell cranks and mounting configurations
