EDITION 36 MARCH 2020

TriMark is at ConExpo!

Located in the **Bronze Hall, Booth # B-92412** in Las Vegas!

It's ConExpo week, March 10th-14th! TriMark is highlighting our latest and most innovative door and window access products. If you would like to see first-hand why TriMark is the leading global door solution provider offering Global **Reach**, Global **Support** and Global **Supply** of access door systems, please visit us in the **Bronze Hall, Booth # B-92412**.

Exhibits will include several interactive demonstrations of TriMark's mechanical and mechatronic products access solutions. We are excited to show our latest e-ASK PKE system 500-1300, featuring passive keyless entry, keyless start and immobilization as well as our newest line of Powered Products that provide several solutions for hard to close doors due to high door seals, air compression or pre-bowed glass.

Also on display are four popular door access systems that range from simple compartment solutions up to full personnel door solutions, our latest New Suite of Access Hardware named TouchOne, and we are showcasing our Modular Pull Handle Family that offers a range of good/better/best range of features/benefits in a common mounting pattern allowing upgrades and model differentiation.

With an anticipated crowd of over 130,000 attendees and 2,000 exhibitors, this massive event features the latest equipment advances and newest technology applications in every aspect of construction. If you would like to see a full demonstration of TriMark products or would like to discuss your specific application, contact Kevin Roths, Director of Global Sales at tips@trimarkcorp.com or visit TriMark's [exhibitor page](#) and 'Add To My Planner' to set-up an appointment.

We'd love the opportunity to visit with you!

More on What You'll See from TriMark

TriMark's e-ASK Keyless Entry Systems

TriMark's e-ASK keyless entry systems adds further functionality, convenience, productivity and security to your Access Door System. Your choice of several systems and components can provide 'state of the art' automotive style passive keyless entry and keyless push button start or basic lock/unlock. Additional functionality includes the control of compartment doors and hoods, windows, ignition, lighting, pneumatics, hydraulics, horns and sirens plus other security systems.

TriMark's Integrated Access Systems

Designing and implementing a full door system solution requires a wide-range of high-quality products working together to form a rugged, reliable system. We have on-display four popular access systems that range from simple compartment solutions up to several full personnel door solutions that set the standard in excellence, design and value in the field.

TriMark's Powered Products

TriMark's Powered Products adds further functionality and convenience to your access door and cabs. Several products are available that range from simple power lock actuators to complete powered door and window opening/closing systems

TouchOne

Our latest New Suite of Access Hardware named TouchOne utilize shared styling cues

to infuse your cab and enclosures with a contemporary look and feel. The aesthetic design elements have been specifically developed to provide customers with a very comfortable and tactile feel for the main door and window touch points. These multi-family access product selections include a Push Button or Pull Handle, Interior Squeeze Release and a Rotating Rear Window Handle.
